**16L Electronic Dehumidifier
Model NH-DB16E**

In August 2014, CDB initiated a recall for the above Electronic Dehumidifier sold in Mitre 10 stores in 2013. For our customers safety, we are following up in 2015, regarding this recall.

THIS DOES NOT AFFECT customers who have already had dehumidifiers replaced during the initial recall in 2014.

HOW TO IDENTIFY:

- Do you have a Nouveau 16L Electronic Dehumidifier Model NH-DB16E that meets the following criteria?
- Does it match the photograph?
- Was purchased in 2013?
(2011, 2012 models are not affected)
- Does the rating label contain the following date code? 0213 (see image)*

SAFETY ISSUE: In a very small number of units we have discovered that a capacitor can overheat and surrounding plastic could possibly catch alight.

SOLD BY: Mitre 10 Mega, Mitre 10,
(Do not return to store)

WHAT TO DO: Customers should cease using the dehumidifier immediately. Please contact CDB for instruction on how to receive a replacement dehumidifier.
