

DECORATING POTS

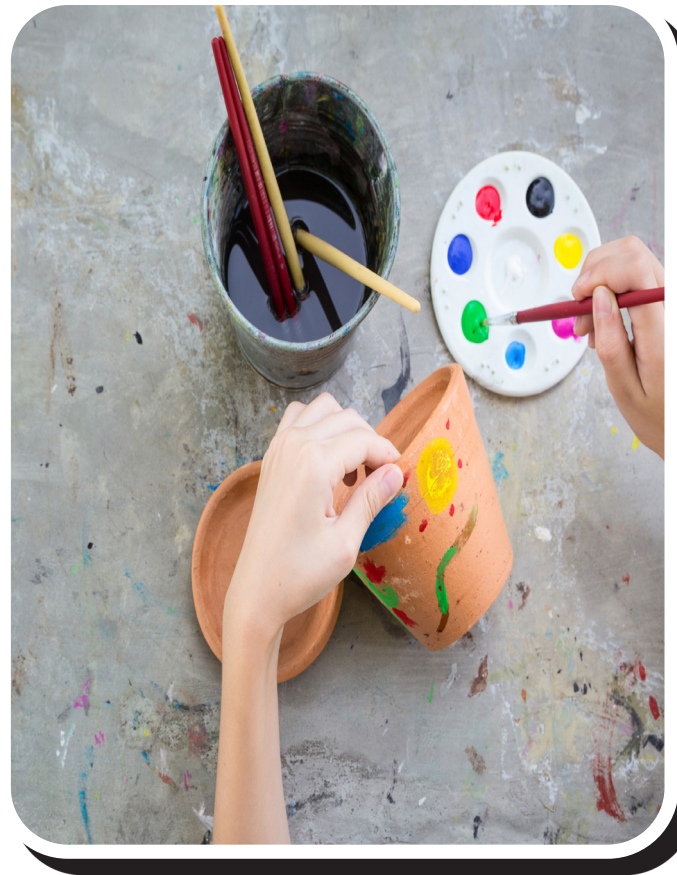

This is a fun and easy project for the kids to do using materials that can be found at home.

YOU'LL NEED:

- Empty terracota pots
- Kid friendly waterproof paint
- Paint brushes
- Kid friendly waterproof glue
- Decorations

STEPS:

1. Get your creative juices flowing and paint some empty terracota pots to add in colour to the garden.
2. To add in some texture, glue on your favourite decorations. Ensure that the paint have dried off before you start decorating.

Tip:

- After the paint has dried, glue on your favourite decorations!
We recommend using beads, small pebbles and googly eyes!

All projects should be carried out under competent adult supervision and using appropriate equipment.
