STEP #1 Registration

HOW TO IDENTIFY IF YOUR HEATER IS INCLUDED:

- Does your heater match the photograph?
- Does the rating label contain the following date codes?

4615 / 4715 / 4815 / 4915 / 5015 / 5115 / 5215

Or

xx16 / xx17 (xx = week - example week 49 is 4917)

HOW TO READ THE RATING LABEL:

- Power off and unplug the heater
- Remove the top two mounting screws and loosen the bottom two mounting screws to allow the panel to rotate forward.
- The date code is printed on the silver rating label as shown in the photo.

If your heater meets this criteria, contact below to register for a recall pack. If not, thank you for taking the time to check.
